NARTS UNIFIED PLANNING WORK PROGRAM FISCAL YEAR 2026

This Fiscal Year (FY) 2026 Unified Planning Work Program (UPWP) outlines the planning activities of the Northwest Arkansas Regional Planning Commission (NWARPC) serving as the Northwest Arkansas Regional Transportation Study (NARTS) from July 1, 2025, through June 30, 2026.

THE NORTHWEST ARKANSAS REGIONAL PLANNING COMMISSION:

AVOCA	GREENLAND	TONTITOWN
BELLA VISTA	HIGHFILL	BENTON COUNTY
BENTONVILLE	JANE, MO	WASHINGTON COUNTY
CAVE SPRINGS	JOHNSON	McDONALD COUNTY, MO
CENTERTON	LINCOLN	WEST FORK

ARKANSAS DEPARTMENT OF TRANSPORTATION (ARDOT) MISSOURI DEPARTMENT OF TRANSPORTATION (MoDOT)

IN COOPERATION WITH:

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL HIGHWAY ADMINISTRATION (FHWA)
FEDERAL TRANSIT ADMINISTRATION (FTA)

NWARPC DISCLAIMER: This notice is in accordance with the NWARPC 2045 Metropolitan Transportation Plan, the Infrastructure Investment and Jobs Act (IIJA) in cooperation with local agencies, the Arkansas Department of Transportation (ARDOT), the Missouri Department of Transportation (MoDOT), the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA) and the Environmental Protection Agency (EPA). Documents are funded in part through grant(s) from the FHWA, FTA, EPA and/or the U.S. Department of Transportation. The opinions, findings and conclusions expressed in this publication are those of the authors and not necessarily those of the ARDOT, MODOT, U.S. Department of Transportation, FHWA, FTA, or the EPA. NWARPC NOTICE OF NONDISCRIMINATION POLICY: The NWARPC complies with all civil rights provisions of federal statutes and related authorities that prohibit discrimination in programs and activities receiving federal financial assistance. Therefore, the NWARPC does not discriminate on the basis of race, sex, color, age, national origin, religion or disability, in the admission, access to and treatment in NWARPC's programs and activities, as well as the NWARPC's hiring or employment practices. Complaints of alleged discrimination and inquiries regarding the NWARPC's nondiscrimination policies may be directed to Nicole Gibbs, AICP, Regional Planner - EEO/DBE (ADA/504/Title VI Coordinator), 1311 Clayton, Springdale, AR 72762, (479) 751-7125, (Voice/TTY 711 or 1-800-285-1131) or ngibbs@nwarpc.org; Para llamadas en espanol, marques el 866-656-1842; para llamadas en ingles, marques el 711 o directamente al 800-285-1131 o ngibbs@nwarpc.org. This notice is available from the ADA/504/Title VI Coordinator in large print, on audiotape and in Braille. If information is needed in another language, contact NWARPC at least 48 hours before the meeting. Si se necesita información en otro idioma, comuníquese con NWARPC al menos 48 horas antes de la junta. TRANSPORTATION IMPROVEMENT PROGRAM (TIP) PUBLIC PARTICIPATION PROCESS FOR PROGRAM OF PROJECTS (POP): The public participation procedures outlined in the NWARPC Public Participation Plan (PPP) with respect to TIP development serve as the public participation process required for the development of transit projects as per FTA Circular 9030.1E.

NARTS METROPOLITAN PLANNING AREA (MPA)

FEDERAL METROPOLITAN PLANNING PROGRAM

The <u>Infrastructure Investment and Jobs Act</u> (IIJA) was signed into law on November 15, 2021. The five-year IIJA, federal fiscal years 2022 to 2026, provides \$550 billion in infrastructure funding for "roads, bridges, and mass transit, water infrastructure, resilience, and broadband."

The Metropolitan Planning Program was continued under IIJA and provides for a "cooperative, continuous, and comprehensive framework for making transportation investment decisions in metropolitan areas." Oversight of the Federal Metropolitan Planning Program is jointly provided by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA).

Notable changes to the Metropolitan Planning Program include:

Set-aside for Increasing Safe and Accessible Transportation Options

- The IIJA requires each MPO to use at least 2.5% of its PL funds (and each State to use 2.5% of its State Planning and Research funding under 23 U.S.C. 505) on specified planning activities to increase safe and accessible options for multiple travel modes for people of all ages and abilities. [§ 11206(b)]
- A State or MPO may opt out of the requirement, with the approval of the Secretary, if the State or MPO has Complete Streets standards and policies in place and has developed an up-to-date Complete Streets prioritization plan that identifies a specific list of Complete Streets projects to improve the safety, mobility, or accessibility of a street. [§ 11206(c) and (e)]
- For the purpose of this requirement, the term "Complete Streets standards or policies" means standards or policies that ensure the safe and adequate accommodation of all users of the transportation system, including pedestrians, bicyclists, public transportation users, children, older individuals, individuals with disabilities, motorists, and freight vehicles. [§ 11206(a)]

Travel Demand Data and Modeling

The IIJA requires the Secretary to:

- carry out a study that gathers travel data and travel demand forecasts from a representative sample of States and MPOs and compares travel demand forecasts with observed data; and to use this information to develop best practices or guidance for States and MPOs to use in forecasting travel demand for future investments in transportation improvements; [§ 11205(b)(1)]
- seek opportunities to support States' and MPOs' transportation planning processes by providing data to improve the quality of transportation plans, models, and travel demand forecasts; and [§ 11205(b)(2)]
- develop, and make publicly available, a multimodal web-based tool to enable States and MPOs to
 evaluate the effect of highway and transit investments on the use and conditions of all
 transportation assets within the State or area served by the metropolitan planning organization,
 as applicable. [§ 11205(b)(3)]

Housing Coordination

The IIJA makes several changes to include housing considerations in the metropolitan transportation planning process, including:

- updating the policy to include, as items in the national interest, encouraging and promoting the safe and efficient management, operation, and development of surface transportation systems that will better connect housing and employment; [§ 11201(d)(1); 23 U.S.C. 134(a)(1)]
- adding officials responsible for housing as officials with whom the Secretary shall encourage each MPO to consult; [§ 11201(d)(2); 23 U.S.C. 134(g)(3)(A)]
- requiring the metropolitan transportation planning process for a metropolitan planning area to
 provide for consideration of projects and strategies that will promote consistency between
 transportation improvements and State and local housing patterns (in addition to planned growth
 and economic development patterns); [§ 11201(d)(3); 23 U.S.C. 134(h)(1)(E)]
- adding assumed distribution of population and housing to a list of recommended components to be included in optional scenarios developed for consideration as part of development of the metropolitan transportation plan; [§ 11201(d)(4)(A); 23 U.S.C. 134(i)(4)(B)]
- adding affordable housing organizations to a list of stakeholders MPOs are required to provide a reasonable opportunity to comment on the metropolitan transportation plan; and [§ 11201(d)(4)(B); 23 U.S.C. 134(i)(6)(A)]
- within a metropolitan planning area that serves a transportation management area, permitting
 the transportation planning process to address the integration of housing, transportation, and
 economic development strategies through a process that provides for effective integration,
 including by developing a housing coordination plan. [§ 11201(d)(5); 23 U.S.C. 134(k)]

FEDERAL PLANNING FACTORS BY PROGRAM ELEMENT

Section 134 of Title 23, U.S.C. reads:

- (a) Policy. It is in the national interest
 - (1) to encourage and promote the safe and efficient management, operation, and development of surface transportation systems that will serve the mobility needs of people and freight and foster economic growth and development within and between States and urbanized areas, while minimizing transportation-related fuel consumption and air pollution through metropolitan and statewide transportation planning processes identified in this chapter; and
 - (2) to encourage the continued improvement and evolution of the metropolitan and statewide transportation planning processes by metropolitan planning organizations, State departments of transportation, and public transit operators as guided by the planning factors identified in subsection (h) and section 135(d).
- (f) Coordination in Multistate Areas.
 - (1) In general. The Secretary shall encourage each Governor with responsibility for a portion of a multistate metropolitan area and the appropriate metropolitan planning organizations to provide coordinated transportation planning for the entire metropolitan area.
 - (2) Interstate compacts. The consent of Congress is granted to any two or more States—
 - (A) to enter into agreements or compacts, not in conflict with any law of the United States, for cooperative efforts and mutual assistance in support of activities authorized under this section as the activities pertain to interstate areas and localities within the States; and

(B) to establish such agencies, joint or otherwise, as the States may determine desirable for making the agreements and compacts effective.

PLANNING FACTORS

- (h) Scope of Planning Process.
 - (1) In general.—The metropolitan planning process for a metropolitan planning area under this section shall provide for consideration of projects and strategies that will—
 - (A) Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
 - (B) Increase the safety of the transportation system for motorized and non-motorized users;
 - (C) Increase the security of the transportation system for motorized and non-motorized users;
 - (D) Increase the accessibility and mobility of people and for freight;
 - (E) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
 - (F) Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
 - (G) Promote efficient system management and operation; and
 - (H) Emphasize the preservation of the existing transportation system.
 - (I) Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
 - (J) Enhance travel and tourism.

The Planning Factors, which apply to each Element of the Unified Planning Work Program, are listed in the table below.

FEDERAL PLANNING FACTORS	Α	В	С	D	Е	F	G	Н	ı	J
UPWP PROGRAM ELEMENT										
44.21: Program Support and Administration	Х			Χ	Х	Χ	Χ	Χ	Χ	Х

44.24: Short-Range Transportation Planning	Х	Χ	Χ	Χ	Χ	Χ	Χ	Χ	Χ	Х
44.25: Transportation Improvement Program	Х	Χ	Χ	Χ	Χ	Χ	Χ	Χ	Χ	Χ

44.21: PROGRAM SUPPORT AND ADMINISTRATION

WORK TASKS

- A. PROVIDE THOSE ADMINISTRATIVE, BUDGETING, BOOKKEEPING, AND CLERICAL DUTIES REQUIRED in order to perform work tasks and comply with ARDOT, MoDOT, Arkansas Department of Energy and Environment (ADEE), FHWA, and FTA requirements. Progress reports and related documentation will be prepared in conjunction with PL activities, as well as the FY 2027 Unified Planning Work Program.
- **B. IMPROVE OFFICE EQUIPMENT, COMPUTER SYSTEMS, AND SOFTWARE AS NEEDED** to keep pace with state-of-the-art technology currently in use for improved communications, mapping, planning analysis and report production. Train staff on software packages. (The cost of equipment and software will be shared proportionately by all elements.)
- C. ATTEND PLANNING, TRANSPORTATION, AND TRANSIT MEETINGS. Attend training, workshops, and conferences to maintain coordination with other agencies, staff proficiency and professional improvement. Necessary USDOT (FTA/FHWA), EPA/AR Dept of E &E, ARDOT, MoDOT, AMPO, NACTO, CNU, APA, housing, stormwater, open space, environmental, and local meetings, and conferences will be attended. Keep informed of ARDOT, MoDOT, FHWA, and FTA programs, as well as local issues and trends in order to provide proper assistance to local governments and agencies.
- **D. ASSIST COUNTIES, CITIZENS, AND THE MEDIA** in understanding the process of MPO transportation planning and the impact of transportation projects both short term and long term:
 - 1. Staff will update, as necessary, a brochure and the NWARPC website outlining transportation planning procedures for the NARTS Technical Advisory Committee (TAC) and the NWARPC/Policy Committee, and the general public. The brochure and web site details how regional plans are implemented and who to contact for questions and answers.
 - 2. Staff will work with cities to create an understanding of the work and role of the MPO.
 - 3. Implement the NWARPC Mobility Strategic Communications Plan.
- E. CONTINUE PUBLIC INVOLVEMENT PROCEDURES FOR ALL ASPECTS OF TRANSPORTATION PLANNING as specified in the NARTS Public Participation Plan (PPP). The PPP and procedures will be reviewed and adjusted as needed to reflect changes in NARTS Bylaws, IIJA Act provisions, or other transportation-related legislation. The most recent update occurred in 2025 and was adopted by the NWARPC/Policy Committee on February 26, 2025.
- F. COMPLY WITH TITLE II OF THE AMERICANS WITH DISABILITIES ACT, SECTION 504 OF THE REHABILITATION ACT, AND TITLE VI OF THE CIVIL RIGHTS ACT. The 2024 NWARPC Title VI Program was updated and approved by the NWARPC/Policy Committee on January 24, 2024. It was submitted into TrAMS on January 30, 2024, and will require updating and re-submittal into TrAMS no later than February 1, 2027.
- G. WORK WITH MODOT STAFF AND PLANNING PARTNERS TO PROVIDE COORDINATED TRANSPORTATION PLANNING for the entire metropolitan area and establish all needed agreements, maps, documents, and procedures for cooperative efforts and mutual assistance in support of activities related to Missouri's inclusion in the Fayetteville-Springdale-Rogers, AR-MO Urbanized Area.

	44.21 END PRODUCTS	COMPLETION DATES
A1.	Record keeping, daily correspondence and Progress Reports	Monthly/On-going
A2.	Audit Report and Annual Performance and Expenditure Report	Yearly/On-going
А3.	Committee meetings and planning process coordination	On-going
A4.	FY 2027 UPWP	May 2026
В.	Computer and software upgrades	On-going
C.	Meeting attendance	On-going
D.	Shared Information: NWARPC website, and other pertinent data, news releases, relevant technology transfer information and informational brochure Implement communication strategy	On-going
E.	Documentation of PPP compliance will be kept on file	On-going
F.	Adhere to the 2021 NWARPC Title VI Program; update and submit into TrAMS no later than February 1, 2027	On-going
G.	Coordination with MoDOT	On-going

COOPERATING AGENCIES: NWARPC, ARDOT, MoDOT, FHWA and FTA.

44.22: GENERAL DEVELOPMENT AND COMPREHENSIVE PLANNING

WORK TASKS

A. MAINTAIN FILES THAT PROVIDE DEMOGRAPHIC AND INFRASTRUCTURE DATA WITHIN THE NARTS AREA. Census population, household, and employment data and other information will be utilized and incorporated into reports, thematic maps, and TAZ boundaries. Staff will assist cities as needed for Census boundary updates. These data will be utilized to develop the demographics of the forecast years for the

Travel Demand Model. Collection and reporting of regional data from units of government will continue as necessary. Census 2020 data will be incorporated into planning documents as data becomes available.

- B. MAPPING/GIS: Provide mapping and GIS assistance to participating units and maintain county and regional maps. Create data to represent information for TIP, STBGP project locations, TAP locations, etc. Update functional classification map, open space map, watershed maps and others as needed. Coordinate regional GIS efforts for data and information:
 - 1. Vector files (roads, county boundary, annexations, contours, etc.).
 - 2. Raster files (aerial imagery).
 - 3. Interactive Maps.
 - 4. File sharing and workflow strategies.

NORTHWEST ARKANSAS REGIONAL PLANNING COMMISSION FY 2026 UPWP

C. OBTAIN THE MOST CURRENT TRAFFIC COUNT DATA at locations collected by ARDOT and MoDOT.

Local (MPO)	\$ 107,273
Total	\$ 536,365
Element Percent	23%

44.23: LONG-RANGE TRANSPORTATION PLANNING

WORK TASKS

A. ASSISTANCE TO PARTICIPATING JURISDICTIONS:

- 1. Assist TAC, NWARPC/Policy Committee and individual jurisdictions in the development and implementation of policies and procedures regarding the selection of projects and the utilization of SURFACE TRANSPORTATION BLOCK GRANT PROGRAM funds for areas with a population greater than 200,000 (STBGP > 200K), TRANSPORTATION ALTERNATIVES PROGRAM (TAP) and CARBON **REDUCTION PROGRAM (CRP)** funds.
 - Engage the TAC and NWARPC/Policy Committee in an update to the policies, procedures, and application process to reflect new program priorities.
- 2. Assist counties and cities, as well as the Northwest Arkansas Regional Mobility Authority (RMA) and the NWA National Airport (XNA) Authority, in utilizing transportation resources by disseminating information regarding transportation programs. Staff will also assist counties and cities regarding transportation planning, updating Master Street Plans, and utilization of the Travel Demand Model.
- 3. Continue to collaborate with Northwest Arkansas planning partners to establish the tools, capacity and public support to address housing, economic development, infrastructure, natural infrastructure, safe streets and roads for all, complete streets, and transportation mode choices to: reduce fatal and serious injury crashes, reduce transportation costs and commute times to work, and improve access to public transportation, shopping and services, neighborhood schools, and community amenities for all ages and abilities.
 - Support the Cities of Fayetteville and Springdale with the Northwest Arkansas Rail Corridor Safety Study.
 - Support the development of a Bus Stop Enhancement Plan for Razorback Transit for the City of Fayetteville and University of Arkansas.

B. TRAVEL DEMAND MODELING:

NORTHWEST ARKANSAS REGIONAL PLANNING COMMISSION FY 2026 UPWP

- 1. Update the Travel Demand Model in preparation for the 2050 MTP including land use scenarios and high-capacity transit scenarios.
- 2. Work with ARDOT in utilizing the forecasts for the Travel Demand Model.
- 3. Train staff on maintenance and use of the Travel Demand Model.
- 4. Utilize the Travel Demand Model to refine and prioritize the regional arterial network.
- 5. Assist cities and consultants working with the cities with Travel Demand Model data and scenarios.
- 6. Utilize the Travel Demand Model to assist both transit agencies with route optimization and scenario planning and development.
- 7. Utilize the Travel Demand Model to support development of a performance-based approach to transportation decision-making.
- 8. The recently updated model will be utilized to forecast transportation priorities and develop scenarios for forecast years 2030, 2040 and 2050.
- The 2045-forecast year will be utilized in ongoing capacity and level of service studies and MTP project selection.

C. ACTIVE TRANSPORTATION

- 1. Performance Measures and Measurable Goals
 - NWARPC will work with ARDOT, MoDOT and local jurisdictions to identify measures and to develop methodologies to implement performance-based planning and programming for active transportation.
- 2. Continue the development and implementation of the NWA Regional Bicycle and Pedestrian Master Plan (adopted as part of the 2040 MTP, March 2016; amended and adopted as part of the 2045 MTP, March, 2021) that will enhance the full connectivity of non-motorized transportation throughout Northwest Arkansas. The Plan will incorporate the Safe Streets and Roads for All (SS4A) Comprehensive Safety Action Plan, including the adopted NWA Regional Complete Street Design Guide. The plan guidelines provide for a well-planned, safe and efficient system of complete local and regional networks of on-street and off-street bicycle and pedestrian infrastructure, and new and improved bridges/underpasses designed with complete and appropriate bike/ped accommodations that meet AASHTO and FHWA guidelines for pedestrians and bicyclists that connect local jurisdictions and destinations such as employment, shopping, health and education centers for all ages and abilities.
 - Complete the update to the WalkBike NWA Regional Bicycle and Pedestrian Master Plan.
 - The goals of the WalkBike NWA Plan will be shared with the general public, cities, and consultants.
 - Continue evaluation of the region's topography and natural environment, including greenway corridors, for logical locations and connections.
 - Provide assistance to ensure and facilitate uniformity and consistency in the standards, operations, and management of the network.
 - Encourage and support implementation and updating of the individual plans and assist the cities as needed to meet the goal of implementing aspects of the NWA WalkBike Plan.
 - Continue evaluation of individual jurisdictions' bicycle and pedestrian plans for connectivity to the regional system.
 - Continue to provide assistance to communities within the Missouri portion of the MPA in the development and implementation of a regional bicycle and pedestrian system.
 - Continue to provide assistance to communities to connect to the US Bike Route System.
 - Continue to support communities in determining the need, desire and location for bicycle and pedestrian infrastructure.

- 3. Review, update, and amend Complete Streets policies in adopted NWARPC plans. Encourage the adoption of Complete Streets policies by member agencies, guided by the NWA Regional Complete Streets Design Guide in the WalkBike NWA Plan.
- 4. Continue to support the Active Transportation Committee (ACT).
- 5. Continue to support the NWA Heritage Trail Plan.
 - Offer informational assistance to citizen groups formed to promote the Heritage Trail.
 - Continue the effort to promote proper signage for the Heritage Trail and the broader system.
 - Update the Heritage Trail Plan as historical data is discovered that better represents Heritage Trail.
 - Work with State and local organizations to advance Heritage Trails designations.
- 6. Support the National Park Service Butterfield Overland National Historic Trail (NHT)
 - Offer informational assistance to citizen groups formed to promote the Butterfield Overland NHT.
 - Support the effort to promote proper signage of the Butterfield Overland NHT.
- 7. Provide staff assistance, as needed, to the Razorback Greenway Alliance.

D. NWARPC 2045 METROPOLITAN TRANSPORTATION PLAN (MTP)

- 1. The MTP was adopted by the NWARPC/Policy Committee on March 24, 2021, meeting federal guidelines that require MTP updates every five years. The MTP incorporated the following:
 - The NWARPC Public Participation Plan (PPP) for public participation and involvement (adopted September 23, 2020)
 - The Travel Demand Model data Updated regional demographics to 2045
 - The 2045 MTP Transportation Opinion Survey
 - The 2019 NWA Transportation Survey (completed in fall 2019)
 - The 2018 Transit Origin and Destination Survey
 - The 2020 Connect NWA-10-year Transit Development Plan (TDP)
 - The NWA Regional Bicycle and Pedestrian Master Plan
 - Congestion Management Process update (CMP)
 - Safe and Accessible Transportation Options and Complete Streets

E. NWARPC 2050 METROPOLITAN TRANSPORTATION PLAN (MTP) DEVELOPMENT

- 1. The MTP development will continue in FY 2026 to meet federal guidelines that require MTP updates every five years. The MTP will incorporate the following:
 - The NWARPC Public Participation Plan (PPP)
 - The Travel Demand Model (TDM) Update being developed
 - Transit Alternatives Study (TAS) being developed
 - Three Regional Growth Scenarios
 - Environmental Justice Analysis
 - 2025 MTP Transportation Opinion Survey
 - 2024 NWA Transportation Survey
 - 2020 Connect NWA—10-year Transit Development Plan (TDP)
 - 2022 Congestion Management Process (CMP)
 - 2023 Intelligent Transportation System (ITS) Architecture Plan
 - 2023 Transportation Systems Management and Operations (TSMO) Plan
 - 2023 NWA Vision Zero Comprehensive Safety Action Plan (CSAP)
 - 2025 Regional Complete Streets Design Guide
 - 2025 NWA Energy & Environment Innovation (EEI) Plan

• 2025 WalkBike NWA Regional Bicycle and Pedestrian Master Plan Update – being developed

	2045 Metropolitan Transportation Plan - Framework - National, State, and Region						
National Goal Area	National Goals	ARDOT Goals	MoDOT Goals	NWARPC 20	45 MTP Goals	2045 MTP System Performance Measures	
Infrastructure Condition - State of Good Repair	To maintain the highway infrastructure asset system in a state of good repair	Invest in the existing highway and bridges to maintain and preserve the existing system.	Take care of the transportation system and services we enjoy today	Preserve and Maintain Infrastructure	Maintain the existing and planned transportation system through ongoing maintenance, rehabilitation, reconstruction, and/or preservation.	Percentage of interstate pavements in good condition Percentage of interstate pavements in poor condition Percentage of non-interstate NHS pavements in good condition Percentage of non-interstate NHS pavements in poor condition Percent of NHS bridges by deck area classified as Good condition Percent of NHS bridges by deck area classified as Poor condition Percent of NHS bridges by deck area classified as Poor condition Pavement Condition on NHS Transit (PTASP) mean distance between major mechanical failure Transit (TAM) Plan transit bus/fleet age/condition	
Safety and Security	To achieve a significant reduction in traffic fatalities and serious injuries on all public roads	Improve statewide safety for all modes and all users and reduce system vulnerability and improve system resiliency to maintain essential travel during extreme events.	Keep all travelers safe, no matter the mode of transportation	Improve Safety	Increase transportation safety for all modes of travel	Number of fatalities Fatality rate per 100 million VMT Number of serious injuries Serious injury rate per 100 million VMT Number of non-motorized fatalities and serious injuries Transit (PTASP) Number of fatalities and injuries and rate per revenue miles traveled	
Congestion Reduction and System Reliability	To achieve a significant reduction in congestion on the National Highway System. To improve the efficiency of the surface transportation system	Invest in the multimodal transportation system to improve mobility, connectivity, accessibility, and reliability for people and goods.	Improve reliability and reduce congestion on Missouri's transportation system	Reduce Congestion Improve Reliability	Maximize the capacity and reliability of existing facilities on regionally significant routes and minimize the need for new roadways.	Interstate Travel Time Reliability Measure: Percent of Reliable Person-Miles Traveled on the Interstate Non-Interstate Travel Time Reliability Measure: Percent of Reliable Person-Miles Traveled on the Non-Interstate NHS Freight Reliability Measure: Truck Travel Time Reliability Index	
Freight Movement and Economic Vitality	To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development	Improve intermodal transportation system connectivity, efficiency, and mobility to support existing industries and strengthen national and regional economic competitiveness. Partner with Metropolitan Planning Organizations, Planning and Development Districts, local governments, and other responsible modal agencies to improve intermodal transportation system safety, accessibility, and connectivity.	Invest in projects that spur economic growth and create jobs	Improve Regional Mobility	Increase transportation mobility and accessibility for both persons and freight, thus promoting economic vitality in the region.	Miles of Complete Streets Miles of roadways with Access Management % population served by trails within 1/4 mile % population served by public transit within 1/4 mile Unlinked Trips per revenue mile (Transit, NTD) Unlinked Trips per Revenue hour (Transit, NTD)	
Environmental Sustainability	To enhance the performance of the transportation system while protecting and enhancing the natural environment	Enhance the performance of the transportation system while avoiding, minimizing, and/or mitigating impacts to natural and cultural resources.	Give Missourians better transportation choices	Protect the Environment	To enhance the performance of the transportation system while protecting and enhancing the natural environment.	Number of Jurisdictions with drainage criteria manuals Number of jurisdictions with Karst BMP's Cave Springs Recharge Area	

F. ASSIST STATE DOTS WITH THE FOLLOWING:

- Highway 412 Planning and Environmental Linkages (PEL) Study, from I-35 (west of Tulsa and running N/S through Oklahoma City) to I-49, for designation as a future interstate highway, in coordination with Oklahoma Department of Transportation (ODOT) (Cherokee Turnpike/Cimarron Turnpike in Oklahoma) and ARDOT.
- Highway 59 and Highway 72 Corridor Study
- Western North-South Connector Study
- State DOT's Complete Streets Plan/Policy
- State DOT's EV Infrastructure Deployment Plan
- State DOT's <u>Alternative Fuel Corridor Designations</u>
- State DOT's Vision Zero / Safety Plans / Safe System Approach

- State DOT's Carbon Reduction Plan Strategy
- State DOT's Bicycle and Pedestrian Accommodation Policy
- State DOT's Freight Rail and Passenger Rail Plan

G. CONTINUE ACTIVITIES TO ADVANCE THE FOLLOWING, THROUGH NWARPC/POLICY COMMITTEE, TAC, AND OTHER SUBCOMMITTEES

- 1. NWARPC 2045 MTP implementation.
- 2. NWARPC 2050 MTP development.
- 3. Transportation System Management and Operations (TSMO) implementation.
- 4. Intelligent Transportation Systems (ITS) Architecture Plan implementation.
- 5. Congestion Management Process (CMP) implementation.
- 6. NWA Vision Zero Comprehensive Safety Action Plan (CSAP) implementation.
- 7. NWA Complete Streets Design Guide implementation.
- 8. Connect NWA Transit Development Plan (TDP) implementation.
- 9. WalkBike NWA Regional Bicycle and Pedestrian Master Plan, individual Community Plans and Heritage Trail Plan, implementation and update.
- 10. Transportation Alternatives Study (TAS) development.
- 11. Razorback Greenway Corridor Plan development.

H. COORDINATE WITH MODOT IN MTP IMPLEMENTATION

Continue to work with MoDOT staff and planning partners to provide coordinated transportation planning for the entire metropolitan area, especially in cooperative efforts toward implementation of the MTP, in support of Missouri's inclusion in the Fayetteville-Springdale-Rogers, AR-MO Urbanized Area.

I. INFRASTRUCTURE INVESTMENT AND JOBS ACT (IIJA) COMPLIANCE:

- 1. The IIJA was signed into law on November 15, 2021.
- 2. The NWARPC 2045 MTP was approved by the RPC/Policy Committee on March 24, 2021, with the approval of Resolution #2021-02, and was developed to incorporate both MAP-21 and FAST Act, and updated to incorporate IIJA requirements, and any additional applicable legislation.
- 3. Actively review Notice of Funding Opportunities (NOFO's), identify funding opportunities for regional and local projects, prepare discretionary grant applications, and assist communities in completing discretionary grants.
- 4. Develop plans and documentation to meet IIJA requirements for MPO.

J. ENVIRONMENT AND RESILIENCE PLANNING

- 1. Air Quality Attainment Planning Continued air quality attainment status monitoring.
 - Monitor air quality and its impact on transportation conformity.
 - Develop program to: (1) increase public awareness of local air quality issues ground level ozone and particulate matter; (2) involve stakeholders in air quality planning; (3) conduct planning activities that lead to improved air quality for Northwest Arkansas.

Note: As required, the FY 2026 UPWP will use at least 2.5% of FHWA PL funds on specified planning activities to increase safe and accessible options for multiple travel modes for people of all ages and abilities including complete streets.

44.24: SHORT-RANGE TRANSPORTATION PLANNING

WORK TASKS

- **A. INTER-GOVERNMENTAL REVIEW PROCESS:** Review area FTA and FHWA funding applications.
- B. PERFORMANCE-BASED APPROACH METROPOLITAN TRANSPORTATION PLANNING: IIJA continues MAP-21 requirements for the MPO to establish and use a "performance-based approach to transportation decision making" that supports IIJA National Goals. The MPO will continue to coordinate with ARDOT and MoDOT on the establishment of a "performance-based approach" to transportation

planning and the establishment of MPO "performance measures and performance targets" that are integrated into the NARTS Metropolitan Transportation Plan (MTP) and Transportation Improvement Program (TIP).

- 1. MPO will establish annual Safety Performance Targets within 180 days of ARDOT and MoDOT establishing and reporting their HSIP targets, but no later than February 27 of each year.
- 2. MPO will establish Pavement and Bridge Condition Performance Targets within 180 days of ARDOT and MoDOT establishing and reporting their statewide targets.
- 3. MPO will establish Travel Time Reliability Performance Targets within 180 days of ARDOT and MoDOT establishing and reporting their statewide targets.
- **C. EVALUATE CRASH RATE DATA:** Evaluate the available crash rate data within the metropolitan planning area. Staff will coordinate with ARDOT and MoDOT on the use of the data to meet IIJA performance measures, ARDOT and MoDOT performance targets, and future MPO performance measures for the region to reduce traffic fatalities and serious injuries on public roads.

D. OZARK TRANSIT AUTHORITY AND RAZORBACK TRANSIT:

- 1. Continue to support and assist the transit agencies in their activities, including providing subrecipient oversight for FTA grant administration.
- 2. Recommend continued and expanded route testing with NWA businesses and municipalities.
- 3. Assist the transit agencies with route planning and scheduling through appropriate software acquisition.
- 4. Continue to coordinate and support ARDOT, ORT and Razorback Transit in implementation of their public transportation agency safety plans (PTASP).
- 5. Approval by the NWARPC/Policy Committee of the PTASP, at least within 180 days after the date of transit agency approval. The NWARPC/Policy Committee approved Resolution #2020-12 on December 2, 2020, in support of ORT's and Razorback Transit's PTASP(s).
- 6. Manage and support the awarded FTA Areas of Persistent Poverty (AoPP) Grant Enhancing Equitable Transit Connections in NWA project.

E. TRANSIT DEVELOPMENT PLAN (TDP):

- 1. The NWARPC/Policy Committee approved Resolution #2020-06 on October 28, 2020, thereby adopting the Connect NWA-10-year TDP.
- 2. Continue to assist ORT, Razorback Transit and local jurisdictions with implementation of the Connect NWA TDP.
- 3. The MPO coordinates with ORT and Razorback Transit for updates to the TDP in order to select projects for inclusion in the TIP.

F. TRANSIT PERFORMANCE MEASURES:

- 1. Coordinate transit performance measures with Ozark Transit Authority, Razorback Transit, and ARDOT.
- 2. Coordinate with ARDOT to develop and utilize performance measures and analytical methods to measure the transportation system's connectivity to essential services.
- 3. TAM Plan Ozark Regional Transit Authority and Razorback Transit.
 - a. The NWARPC MPO will monitor performance measures and set targets in coordination with Ozark Transit Authority and Razorback Transit. In order to determine progress toward achievement of targets, NWARPC MPO will conduct system performance reports with each update of the Metropolitan Transportation Plan (MTP). Additionally, NWARPC MPO will describe how

- implementation of the Transportation Improvement Program (TIP) is anticipated to make progress toward achievement of targets.
- b. The NWARPC MPO, in coordination with Ozark Transit Authority and Razorback Transit, will adopt State of Good Repair (SGR) performance targets for each transit asset type for each agency. NWARPC MPO will assess progress towards region-wide attainment of the transit SGR performance targets to better determine how funding decisions support transit targets for SGR.

G. EVALUATE TRANSIT DATA

Staff will evaluate transit data within the Metropolitan Planning Area. Staff will coordinate with Ozark Transit Authority and Razorback Transit on the use of the data to meet IIJA performance targets, and future MPO performance measures for the region. The travel demand model will be utilized for scenario testing and model runs in support of the two agencies' planning efforts.

H. STATEWIDE PUBLIC TRANSPORTATION COORDINATION PLAN

Staff will continue to monitor the Statewide Plan and assist public transit operators and human services providers in coordinating the delivery of transit services.

I. CONGESTION MANAGEMENT PROCESS

Staff will continue to implement the Congestion Management Process for the region.

COOPERATING AGENCIES: NWARPC, ARDOT, MoDOT, FHWA, FTA, various state and federal agencies, NWA Regional Mobility Authority, Ozark Transit Authority, Razorback Transit, area human service agencies and local jurisdictions.

COST DATA:

Federal	\$ 510,591
Local (MPO)	\$ 113,759
Total	\$ 624,350
Element Percent	27%

NOTES:

- The required local match of \$20,000 for the awarded \$180,000 FTA Areas of Persistent Poverty (AoPP) Grant (90% Federal-10% Local Match) will be provided by and split between Ozark Regional Transit Authority and University of Arkansas Razorback Transit.
- The transit planning software three-year (2024-2027) renewal total contract cost is \$124,000. Razorback
 Transit will pay \$59,208 (includes Razorback Transit scheduling software and one time implementation
 fee, non-federal) over the course of the three years. ORT will pay \$4,628.01 over the three years.
 NWARPC to pay \$4,627.99 over the three years. Federal PL share is \$55,536 over the three years.

44.25: TRANSPORTATION IMPROVEMENT PROGRAM

WORK TASKS

- **A.** THE FFY 2025-2028 TIP was adopted on August 28, 2024, and will be amended or administratively modified as needed. NWARPC MPO will work with ARDOT and MoDOT to update the amendment and administrative modification criteria.
- **B. BIENNUAL TIP UPDATES** will coincide with ARDOT and MoDOT STIP updates, when possible. **The FFY 2027-2030 TIP** will be developed in FY 2026 for adoption in FY 2027.
- C. COORDINATE WITH MODOT on prioritization of TIP projects for the Missouri portion of the MPA.
- **D. THE ANNUAL LISTING OF PROJECTS (ALOP)** for which federal highway and transit funds have been obligated will be published on the NWARPC website every December.
- E. PROPOSED FFY 2025 PROGRAM OF PROJECTS (POP). The POP includes projects proposed for Ozark Transit Authority and Razorback Transit to be funded from the Urbanized Area's FTA Section 5307 apportionment. POP projects must be listed in the TIP. The TIP public participation and approval processes serve to satisfy the requirements for Ozark Regional Transit and Razorback Transit for public participation under Section 5307. The POP is published on the NWARPC website after NWARPC/Policy Committee approval or December 31, whichever comes first.

ADOPTION:

(PROJECTED SCHEDULE)

This **Unified Planning Work Program (UPWP)** was prepared as a part of the Northwest Arkansas Regional Transportation Study (NARTS).

- The TAC reviewed the Draft FY 2026 UPWP on March 20, 2025, and recommended the draft for public comment.
- Public Notice of a two-week public comment period and the TAC meeting to review the Draft FY 2026 UPWP was published:
 - o Friday, March 28, 2025, on the NWARPC website.
 - o Sunday, March 30, 2025, in the Democrat Gazette newspaper.
 - Wednesday, April 2, 2025, in the La Prensa Libre newspaper.
 - o Thursday, April 3, 2025, in the McDonald County Press newspaper.
- The two-week public comment period was held Monday, March 31, 2025 through Monday, April 14, 2025.
- The NWARPC/Policy Committee considered Resolution #2025-XX Approving the FY 2026 UPWP on ____, 2025.

I hereby certify the adoption of this	Unified Planning	g Work Program ((UPWP) for State Fisca	I Year (FY) 2026 by the
NWARPC/Policy Committee on this	day of	2025 by	Resolution #2025-XX	

Mayor Doug Sprouse, Chair

Northwest Arkansas Regional Planning Commission/Policy Committee
